

Junior Digital Graphic Designer (M/W/D)

Full-Time, Linz

We do what we enjoy: entertain people!

Apps are our **passion!** We reach more than **250.000 people** every day and are looking for creative support.

In our team you have the opportunity to live your **passion** and **creativity**.

We are Pixeltrend!

Your Challenge

- Optimizing Google Play Store / App Store visuals
- Conceptualizing and creating fascinating brand and content creatives based on briefing from the team
- Designing creatives for our user acquisition campaigns
- Creating engaging designs for our marketing channels such as Instagram, Facebook, TikTok
- Ensuring brand / corporate design consistency
- Creating exciting and engaging assets for our user journey throughout our apps, e.g. newsletters for user retargeting, in-app messages or cross-promotion screens

Your Profile

- Degree in Graphic Design or a related field (higher technical institute or university)
- At least 1 year experience in Digital Graphic Design, ideally in producing creatives for marketing campaigns
- Solid knowledge in Photoshop, Illustrator and InDesign
- Excellent visual and graphic design skills and interest in brand design and conceptual work
- Ideally, knowledge of Figma and Sketch
- Familiarity with agile work processes & design thinking
- Very good English & perfect German skills
- Teamplayer with an open mindset

Our Offer

- A friendly, open-minded, international & motivated team
- The possibility to implement and realize your own ideas
- Flexible working hours and home office as an option
- A modern office and work equipment that you can choose
- Regular and sometimes legendary team events
- A well-stocked fridge and the perfect coffee :)

Our salary range starts at EUR 2.000,- gross per month. Your actual offer depends on your skill set and experience.
